# Why Buy Premium Pet Foods?

## Better, Healthier Looking Pets

Budget is always a significant consideration for a pet owner. While it can be tempting to grab a bag of petfood at the supermarket on your next shopping trip here are some reasons why you should consider a veterinary centre premium petfood brand.

There are so many great reasons to try your pet on a premium pet food diet.

- 1 Pets are what they eat!** – Using a premium pet food will deliver long term health benefits savings on vet & medication bills.
- 2 Amazing Deals** – We offer BIG savings through a reward programme on all our premium pet foods.  
– **BUY 10 GET 11th Bag FREE** –
- 3 Palatability Guarantee** – If your pet simply does not like the taste, return your premium pet food for a store credit.  
*Remember to slowly transition your pet from one food to another.*
- 4 BIG Bulk Bag Value** – Buying the larger bulk bags will deliver excellent value for money, compared to smaller bags.
- 5 Cost per Day** – Better nutrition means you have to feed less per day.  
*Refer to the feeding guide on back of bag.*

### But what about other cheaper products?

Cheaper products may save you money in the short term but the scientifically proven nutrition of premium pet foods can save you so much more with less expensive health costs as pets age.

Solensia®  
Frunevetmab

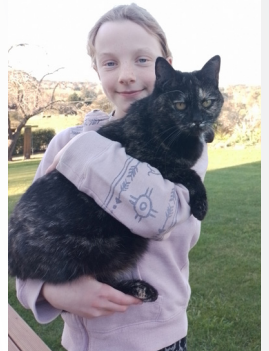

## Interesting Case

### Meet Suzie!

Liz Thomas BVSc – Veterinary Centre Oamaru

Suzie is a super senior cat at the grand age of 15. Suzie was one of the first of our patients to start on the new arthritis monthly injection Solensia. Suzie had been on other painkillers previously, but they upset her tummy. Within a week of starting treatment, she was noticeably more active and comfortable. She has recently had her 3rd injection and is a different kitty. She plays with toys, grooms more, has a better appetite, and is much more interactive with the rest of the family. If you notice your cat is becoming less active, then pop in for a check-up and discuss the new options for managing arthritis in cats.

Suzie our Super Senior Cat.

The **FIRST** and **ONLY** antibody therapy for cats with osteoarthritis (OA)

Solensia®  
Frunevetmab

• Increased mobility and decreased level of pain.

• Positive effect on your cat's quality of life.

• No need for daily medication – reassurance your cat is getting lasting pain relief for a full month.

• Solensia can be used with other common therapies (e.g. vaccines, flea & tick products, antibiotics).

Because your pet deserves the very best!
